Our Values

A human focused, service-oriented company

The customer knows best: ACTEON®'s solutions are inspired and guided by the specific need of its diverse partners, be they healthcare professionals or distributors.

ACTEON®'s long-standing presence in the market has enabled the company to develop granular understanding of each type of customer and to create best-fit solutions.

Innovator at heart

Creative thinking has always been a part of ACTEON®'s DNA and is still a core pillar of the company today. ACTEON® is building on this strength everyday to set new standards for the industry and improve people's lives.

Excellence and expertise

ACTEON® has always stood for high quality and high performance. From advanced technologies to the manufacturing of manual instrumentation, the company has made a name for itself and grown trust through its requirements and its extensive experience in the industry.

Entrepreneurial spirit

ACTEON® has created a work environment that enables collaborators to make the most of their capabilities, empowers them and encourages creativity and action.

Cooperation & knowledge spirit

Team spirit is playing a central role in connecting the different entities of the group. It also infuses ACTEON®'s approach to its customers and partners and is a guiding principle in its ambition to transform the industry and everyday practice.

Exclusive and patented Color Coding System™

Power selection is accurately determined with the Color Coding System™, which intuitively associates each tip color ring with one of the 4 power ranges

Ref. F02507

► Fast

Only 6 to 12 sec to polymerize 2mm composite.

► Power

1250mW/cm²
(Ø7,5mm light guide).

2000mW/cm²
(Ø5,5mm light guide - optional).

Highly Adaptable

The alliance of power & safety

► Safety

Base-charger includes a radiometer for light power intensity check-up.

► Optimal result

3 modes to fit all clinical needs.

FAST MODE

Fast and easy

Full power during 10 sec
(bip at 5 sec) on regular depth.

PULSE MODE

Ally rapidity & safety

10 flashes of 1 sec
(bip after 5 flashes)
with times off to preserve dental pulp.

RAMPING MODE

No stress cracking

Progressive power increase during 20 sec
(bip every 5 sec) for a complete and safe curing.

Simply Powerful

Outperforms in
power, efficiency and speed

~~€1.407,36~~

€1.090

Ref. F05214

miniled supercharged

► Visibility

Luminous screen with
customizable modes and
times, count curing time
and load indicator.

► Power

2000mW/cm²
(Ø7,5mm light guide).

3000mW/cm²
(Ø5,5mm light guide - optional).

► Optimal result

3 modes to fit all clinical needs.

FAST MODE

The choice of rapidity

Full power during 3, 4, 5 or 10
sec, according to the composite
thickness.

PULSE MODE

Limits temperature rise

5 or 10 flashes of 1 sec for a
polymerization in security.

RAMPING MODE

Avoids composites retraction

Progressive power increase during
9 or 15 sec to ensure perfect sealing
of restoration.

miniled ortho 2

~~€1.457,10~~

€1.090

Ref. F05220

► Customizable signal

An alert (beep, micro-flash, mixed or no alert) prompts the user to move to the next curing position every 4 sec.

► Power

3000mW/cm²
(Ø5,5mm light guide).

► Long lasting battery

MiniLED Ortho 2 can cure 15 patients at maximum power, no need to recharge it during the day.

► Ortho friendly

Customizable exposure times of 4, 8, 12 and 32 sec, specifically studied to move from one bracket to another or to cure a full arch.

► Efficacy & safety

Cure any type of material used in orthodontics efficiently and quickly.

No noisy and unhygienic fan needed to cool the lamp.

Specialized Orthodontic Treatments

Cure in a simple gesture, in few seconds from
few brackets to a whole quadrant

Riskontrol® contributes to clinical protection

RISKONTROL® is also a GREEN solution

- > Disposable tip
- > Economic: simplify process to save time
- > Recyclable plastic: environmentally friendly

Sterilizable tips are not sufficient anymore

RISKONTROL® can be used for all procedures in any workflow

Class I and Class II medical devices. Read the instructions on the packaging carefully before use. All the compulsory information requested for a correct use of this device is in the Product Feature Summary available on the laboratory's website.

- > Cost-effective
- > Flexible for a better use: respect of patient's anatomy
- > Safety lock system: no risk of ejecting the tips
- > Astringent effect – no bleeding

Use Expasyl™ Exact to improve patient comfort:

- > 37 less pressure than traditional cords
- > Atraumatic sulcular opening
- > Preserved epithelial attachment
- > No damage of the sulcus
- > Astringent effect - no bleeding

Expasyl™ generates pressure that is 1.7 to 9.2 times greater than other retraction paste available on the market.
